About the event

The institute of Chemistry at Shah Abdul Latif University is honored to announce the **"International Conference on Chemical Sciences: A Multi-disciplinary Approach (ICCS-MA)"** which is scheduled during **March 15-17 2022**. The conference will be run with the theme "CHALLENGES, RECENT ADVANCEMENT & SOLUTIONS IN THE FIELD OF CHEMISTRY."

The aim of conference is to bring the leading intellectual scientists, researchers and students on a platform to exchange and share their experiences/research on various aspects of Chemical Sciences. The conference will provide a forum to present and discuss the most recent advancements, trends, concerns as well as practical challenges encountered and solutions adopted in the fields of Chemical Research and relevant sciences.

Major Areas (but not limited to)

Organic Chemistry, Bio-Organic and Medicinal Chemistry, Bio-Chemistry, Physical Chemistry, Applied and Polymer Chemistry, Nano-Chemistry and Material Sciences, In-Organic Chemistry, Water Chemistry (Quality and Purification), Nuclear Chemistry, Photo-Chemistry, Analytical Chemistry, Industrial Chemistry, Food Chemistry, Environmental Chemistry

Why to Participate?

- ⇒Get in Touch with experts face to face
- ⇒Invest In Yourself
- ⇒Become an Expert
- ⇒Increase your New Collaborations
- ⇒Extend Your Network
- ⇒Share your Ideas and Work
- ⇒Expand your Knowledge
- ⇒Travel, Explore and Have Fun!!
